DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of group I claim 1-19 in the reply filed on 7 February, 2011 is acknowledged.

Allowable Subject Matter

2. Claims 1-11 are allowed.
3. The following is an examiner's statement of reasons for allowance: the prior art does not teach all the limitations of the claimed invention including " at the time at which the compressive stress is introduced between the striking tool and the crankshaft segment to be processed, with the crankshaft being rotated continuously during the processing, and in that the time during which the striking tool is acting and the striking pressures are chosen such that, when the striking tool strikes the crankshaft segment to be processed while the intrinsic compressive stresses are being introduced, the rotational movement of the crankshaft is necessarily stopped" as specifically recited in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. This application is in condition for allowance except for the following formal matters:

Claims 12-19 objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim cannot depend from any other multiple dependent claim. See MPEP § 608.01(n).

Non elected **claim 20** should be cancelled.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
